Managing HKU Author Reputations, Enhancing HKU’s Reputation

David Palmer
Scholarly Communications Team Leader
The University of Hong Kong
Digital Presence, Digital Shadow

“For the first time, the amount of digital information generated about people surpasses the amount they create themselves”.

- Internet Footprint
- Findability
- Identity exposure, disclosure
Online Reputation Management

- Cybervetting

- One bad apple...
Online Identity Management (OIM)

- Improving quantity & quality of traffic to sites that have content related to a person, cf. Search Engine Optimization (SEO)

- Ignore?
  - Previously, lost in anonymity
  - Now,
    - Search engine index & page rankings
    - Any detail retrieved, in almost real time
Meanwhile,

Reputation & identity of the institution:
- University rankings
- RAE
- Peer Review
- Parent’s choice of school for child
- Recruiter’s choice
- Media spokespersonship
- Collaborative partnerships
- Contract research undertaken
- Funding received
- Etc.
The Reputation of the University?
Knowledge Exchange

- To make highly visible HKU researchers and their research
- To promote KE between HKU and its community
  - Number of research outputs in OA
  - Download counts
  - Number of collaborative researches
  - Number of contract researches
  - Number of media contacts
  - Etc.
The HKU Scholars Hub

The HKU Scholars Hub is the institutional repository of The University of Hong Kong. It seeks to collect the intellectual output of HKU and make it available to the widest possible audience. Records are made in the Hub for items that are fulltext open access, or for URLs that hyperlink to the same.

Quick search of The Hub

Search the author, title, abstract and series fields.

Search

For phrase search, please use quotation marks, for example, "Wann, John", or "Behavior Therapy".

Breakin News

- HKU & Springer sign deal to allow all HKU faculty & students to publish in Open Access.
- Can we arrange seminar for your dept on ResearcherPages and the Springer deal? Please write to us. Seminars now arranged for Faculties of Science, Engineering, and Medicine.

Prof. L. Samaranayake

An interview with the HKU Dean of Dentistry on the role the Hub plays in research impact and knowledge exchange.

sustain and enhance the research reputations of HKU authors and their institution. They enable Knowledge Exchange between HKU and the community in Hong Kong, China, and the World.

- How to edit your ResearcherPage?
- Publications listed here are ones for which we have fulltext and permission to post. Complete publication lists (without fulltext attached) will be imported in 2010, from HKU Research Output System and Scopus, and then de-duplicated. RP owners will also be able to upload and attach CVs later this year.
