### A201. Oil Painting (Intermediate)

*Time:* Thursdays at 6-8 p.m., starting Jan. 14, 1965.  
*Place:* King's College, Bonham Road, H.K.  
*No. of Meetings:* 12, once weekly. *Fee:* \$48.  
*Tutor:* Mr. Peter Lam, Lecturer in Art, N.T.C.

This course is planned for those who have completed the Oil Painting class for beginners, or anyone with a basic knowledge of painting. Instruction will be given in the various techniques, including colour combination, pictorial composition and texture treatment. Criticism & discussion will be given on the completion of each picture.

A small charge will be made to cover the cost of materials. Enrolment is limited to 25.

### A202. Sketching for Pleasure

*Time:* Fridays at 6-8 p.m., starting Jan. 15, 1965.  
*Place:* Art Room, St. Mary's Canossian College, Austin Rd., Kowloon.  
*No. of Meetings:* 10, once weekly. *Fee:* \$40.  
*Tutor:* Mr. Frederick Joss, Diploma Art and Crafts, State Academy for Applied Art, Vienna, F.R.S.A.

Sketching—both by artists and non-artists—is vastly different from formal drawing or painting. Spontaneity and speed come first not skill or experience. Professional artists sketch to retain or regain freshness and freedom. Amateurs may discover themselves to be born sketchers. Even aimless doodling relieves tension. Professionals and amateurs (skilled or unskilled) will be encouraged to sketch all manner of object, alive or

otherwise: faces, figures, animals, trees, vehicles, toys, flowers—anything that comes handy, and will keep reasonably still for a few minutes. Media: pencil, pen, brush, chalk, fingers—anything. Enrolment is limited to 30.

**A207. An Introduction to Modern Dance**

*Time:* Tuesdays & Thursdays, at 5 p.m., starting Jan. 12, 1965.

*Place:* Assembly Hall, Victoria Junior School, Garden Rd.

*No. of Meetings:* 24, twice weekly. *Fee:* \$50.

*Tutor:* Mrs. Patricia Tow, A.B. (Mt. Holyoke, U.S.A.)

A course in the practical technique of Modern Dance for Beginners. This course is designed primarily to give the non-dancer a practical as well as intellectual understanding of Modern Dance, which should not be confused with "Ballroom dancing". The student receives body training designed to develop an alert, disciplined, and responsive instrument of movement. Some work in improvisation, both restricted and indeterminate is given as a preliminary to creative composition. This course should be of particular interest to students and teachers of physical education. Students should bring comfortable clothes to dance in. Enrolment is limited to 30.

**A208. Modern Dance (Intermediate)**

*Time:* Tuesdays & Thursdays at 6 p.m., starting Jan. 12, 1965.

*Place:* Assembly Hall, Victoria Junior School, Garden Rd.

*No. of Meetings:* 24, twice weekly. *Fee:* \$70.

*Tutor:* Mrs. Patricia Tow, A.B. (Mt. Holyoke, U.S.A.)

A course in the technique of Modern Dance designed for the student who has already taken the *Introduction to Modern Dance*. Students with particular ability or dance experience may enter the course with the permission of the instructor. This course continues the aims of the beginning course in Modern Dance. The student receives technique on a more advanced level and more advanced work in improvisational composition. Enrolment is limited to 25.

**A209. Woodcut Printing**

*Time:* Fridays at 6-8 p.m., starting Jan. 15, 1965.

*Place:* King's College, Bonham Road, H.K.

*No. of Meetings:* 12, once weekly. *Fee:* \$48.

*Tutor:* Mrs. L. Y. Y. Stenqvist, Higher Diploma, The National School of Applied Arts, Stockholm (Sweden).

Woodcut printing is not only an expression of Art but can also be used for book illustrations and advertisements. Art teachers will find this a novel subject to be introduced into their curriculum. The course will include instructions in the making of simple equipment and of sketches, obtaining different effects by carving and printing both in monochrome and polychrome.

Students will make and provide their own materials. Enrolment is limited to 20.

## Mathematics, Sciences, and Medicine

### M43. Analytical Geometry

*No. of Meetings:* 12, once weekly. *Fee:* \$30.

*Tutor:* D. M. B. Board, B.A. (Cantab.) Dip. Ed.

This course will cover, so far as time permits, the basic ideas and methods of analytical geometry. Topics will include: systems of coordinates, simple curves and surfaces, duality, poles and polars. Joachimstal's method, homogeneous coordinates. Previous knowledge of analytical geometry will not be assumed.

### M45. Modern Mathematics II (Abstract Algebra)

*Time:* Tuesdays at 6.00 p.m., starting Jan. 12, 1965.

*Place:* University Main Building.

*No. of Meetings:* 10, once weekly. *Fee:* \$30.

*Tutor:* C. P. Poon, B.A. (Lond.).

Also designed for secondary school mathematics teachers, the purpose of this course is to give an introduction to some of the basic algebraic systems. Some previous knowledge about sets and mapping will be useful. Topics will include: groups, homomorphism, rings, integral domains, fields and vector spaces.

### M129. Teaching Methods in Biology

*Time:* Wednesdays at 6 p.m., starting Jan. 24, 1965.

*Place:* University Main Building.

*No. of Meetings:* 8, once weekly. *Fee:* \$30.

*Tutor:* Mr. D. R. Madan, B.Sc., Dip. Ed.

The course is intended for practising teachers of biology. It examines the nature and purpose of Biology teaching.

The programme therefore covers the basic methodology of teaching the subject both at the formal level of lecture and demonstration and of the individual experiment.

### M211. Physiology of Human Reproduction

*Time:* Mondays at 6 p.m., starting Jan. 11, 1965.

*Place:* Main Building, H.K.U.

*No. of Meetings:* 8. *Fee:* \$25.00

Ph.D. (Syracuse).

A discussion of the endocrinological, anatomical and physiological aspects of human sex relations resulting in the propagation of the species. An attempt will be made to dispell common misconceptions related to this field.

### **M215. Fuel Technology**

*Time:* Twice weekly, Tuesdays and Thursdays at 7 p.m., starting Jan. 7, 1965.

*Place:* Duncan Sloss Building, H.K.U., Pokfulam Road.

*No. of Meetings:* 40, consisting of 25 hours of lectures and 15 hours of laboratory work.

*Tutor:* Dr. Andrew C. T. Hsu, M.S. (Wis.); Ph.D. (Penn.), Fulbright Visiting Professor of Chemical Engineering at H.K.U.

*Entry Qualification:* for administrative purposes, applicants should indicate clearly the highest examination passed.

A course of lectures and laboratory work, in which solid, liquid and gaseous fuels will be surveyed and discussed in respect to their occurrence, formation, preparation, properties and combustion. The scientific basis of combustion involving material and energy balances and economics will be treated in detail. Also, included will be fuel consuming processes such as gasification and other applications. The lectures will emphasize the pertinent fundamentals, principles and flow sheets, and complete material and energy balances of some of the typical processes. The laboratory work will consist of analysis of fuels and their combustion products from furnace and engine exhausts, determination of the calorific values of various fuels and assaying of liquid fuel properties.

It is possible that the course may become a Certificate Course, subject to University approval. Applicants should indicate whether he intends to read for a Certificate, or to attend the course for personal interest only. Should it ultimately become a Certificate Course, examination may be held in May.

*Fee:* \$140, \$240 (Certificate Course).
